

We Surveyed 100 Of Our Patients And All 100 Said They Got Pain Relief Regardless Of What Their Pain Was

Neck pain, back pain, hip pain, headaches it doesn't matter where your pain is. According to a US Department of Defense report on chiropractic, patients feel better, get better results, and lose less time from work.

A report of the U.S. Department of Defense (DOD) on the Chiropractic Health Care Demonstration Project was finalized by DOD consultants Birch and Davis, and was submitted to the U.S. Congress. The following are some of the statistics of patient responses to chiropractic care verses medical care.
